Where They Play Today.

Nebraska City at Maryville.
Auburn at Clarinda.
Shenandoah at Falls City.

The .500 mark was trampled under feet by the Comets yesterday when they shut Nebraska City out 3 to 0. It was a fight, tooth and toe nail, between them, and a lead of three runs is none too safe against the kind of ball put up by Nebraska City. The Comets, as usual, poled out the larger number of hits, but only one of their five hits yesterday was a clean one. The rest of them were of the doubtful kind; while Nebraska City reefed out three of the cleanest singles one could ask for.

A Lesson in Deportment.

One of the strongest features of the game was the lesson in good behavior given by the umpires to the teams. At the very start the players began to talk from their benches and mix in, as usual, but Sage wouldn't stand for it a moment. They knew enough to mind him, too, but the trouble started in the fourth with the new umpire, Barada. Wintz was on first and tried to steal second. Barada, who was umpiring the bases, turned and ran toward second to see the play. The ball hit him in the back and Wintz claimed the right to stay on second. He was sent back to first, however, and the game was protested by Captain Dietz.

At the beginning of the fifth inning, as the Comets were taking the field, Walsh said something to Barada and was ordered to the bench and fined $10. Captain Dietz protested vigorously at this decision and a ten-dollar decision was handed to him also. The excitement was very high, and two or three fans ran on the field, grabbed Barada and carried him off. Sage now grew angry and gave the crowd two minutes in which to return Barada, but the oppressed umps was already walking on the field again, having been rescued by the officers. Cook was put on second, Griffin went to right field, and the game was finally started again.

Nebraska City Protests.

Nebraska City took a turn at protesting in the ninth. In the seventh Herman succeeded in landing on second. With two down a passed ball at first allowed Herman to take third, and he tried to make home. He was touched out by Dietz, but claimed a score on the ground rules. He was sent back to third, and it was on this point that Captain Nee protested the game in the ninth.

The Three Tallies.

The Comets' first round of the bases was made in the second. Cook to first on an error, was sacrificed to second by Walsh and stole third. DeCamp flied out to center. Black singled, scoring Cook. Black was thrown out trying to steal second.

Two more were registered in the eighth. Bacon reefed a two-bagger to center. Southward then tried to sacrifice and succeeded, except that neither of the umps saw the play, leaving Bacon safe on third and Southward on first.

An error let Southward stick on second while Bacon trotted home. Sackett sacrificed, advancing Southward to third. Griffin layed down a perfect bunt, sacrificing and squeezing Southward in.

The third out was made by Wintz, who flied to Hicklin. The score:

Notes.

We all miss Aunt Betsy, but the umpires miss her most.

It means work if we beat Nebraska City twice more.

Walter Wray will probably be tried out today.

The pitchers mean to cut down those big totals at the bottom of the "hits" column.

Southward was a little wild yesterday, but it counted for nothing in the end.

We'll catch Clarinda next week if Auburn doesn't pull her down.

Williford, who was released by the Comets Wednesday, has been signed by Nebraska City, and is slated to pitch against the Comets this afternoon. Williford was released by the Comets on account of wanting too much salary.

There is no game scheduled for Saturday afternoon for the Comets and Nebraska City, it having been arranged to play it Sunday afternoon.

Clarinda Bunches Hits and Wins.

THEY ARE MARYVILLE'S PRIZE BEAUTIES

The boarders at "Maplehurst" are undoubtedly Maryville's prize beauties. One day last week they all lined up out in the yard to have their pictures taken. The photographer had them grouped just as he wanted them and had reached down for his plate holder, letting loose his hold on the camera. The instrument was overcome at this juncture by the task set before it and gave up all hope of flattering the poses. Gently lifting the front leg of its tripod it fell over backward and lay flat on the ground, still and lifeless.

WORK WILL STOP

ON NORMAL BUILDING FOR A SHORT TIME.

BUILDING IN GOOD SHAPE

And Will Not Interfere With School Work at All—355 Students Enrolled.

The enrollment for the summer term of the Normal is increasing daily. Up to today 355 students have enrolled, and a few more are expected to enter within the next few days. This is the largest enrollment of students at the Normal since its beginning.

President Taylor said Friday that the auditorium would be used in about ten days for the chapel exercises. While the work is not yet quite completed in the auditorium, still it is in shape to be used for meetings. One reason for the change is that the library room cannot accommodate the 355 students for chapel.

The work on the building will be suspended this week on account of some arrangements being made as to the money for paying for the work. Things have arisen in regard to the bonding company that was Marshall's surety that need to be looked into, and while this is being done the work will be discontinued. However, this will not interfere with the school in the building, as it is in such shape that it will not effect the school work.

Each county in the Normal district is represented in this term of the school, and all of the counties have perfected social organizations for the purpose of stimulating interest in their home counties for the Normal.

President Taylor will leave Friday evening for Chillicothe, where he is to address the rural graduates at the commencement exercises to be held there Saturday afternoon.

Mr. and Mrs. Llewellyn David and little sons, Calvin and Llewellyn, Jr., of Bonner Springs, Kan., spent Thursday in Maryville with Mr. David's cousins, Mrs. S. T. Gile and Mrs. John H. Anderson. They left for Darlington and Albany Friday morning to visit relatives.

Mrs. Michael Maher and daughter, Miss Margaret Maher, of Barnard, arrived in the city Friday noon for a several days' visit with friends in and near Maryville.

Miss Nina Dobson of Wilcox, who is employed in St. Joseph, was in the city Friday on her way to Wilcox for a few days' visit with home folks.

Mrs. R. B. Oliphant and daughter, Miss Leila, of Pickering were shopping in the city Friday.

Miss Grace Parle went to Clyde Friday to visit her aunt, Mrs. James M. Enis.

Miss Maggie Edmondston returned Thursday evening from a visit at Pickering with her grandmother, Mrs. Crouse.

"POP-POP" CYCLIST GIVEN A SHOWER

Leland Andrews recently invested his money in a motor-cycle. He started out for his first ride Thursday evening, intent on having the time of his life. Some twenty-two of his friends feared for his safety and wished to stop him. This would, of course, have made Mr. Andrews "Fall Guy" and he would have to buy. As Mr. Andrews has been "Fall Guy" quite often of late his friends wanted to square up a little and compensate him this time with a shower.

Finally, under the pretense of arrest for speeding, the cyclist was stopped and taken in to Reuillard's. He quite willingly ordered up the eats, and while they were being made the shower came. It consisted of antiseptic cotton, bandages, vaseline, etc., and now Mr. Andrews can be as reckless as he wants to with his "pop-pop," for he has enough material to stock a government dispensary in time of war.

Mrs. J. S. Severs of Elmo was in Maryville Friday forenoon on her way to Bedford to visit her mother and sisters, Mrs. C. E. Calhoun and Misses Amy and Nellie Calhoun, and her nephew, Glen Calhoun, a student at the Agricultural college at Ames, Ia., who is spending his vacation at Bedford. Glen Calhoun is the son of C. C. Calhoun, who was killed in the storm at Elmo a few years ago that wrecked his store building and several other buildings. His nephew, C. C. Bell, a young man 23 years old, who is a son of Mrs. Severs, was also killed at that time. Last Friday Albert Imel, who was employed in the store at the time of Mr. Calhoun's death, was buried at Elmo. He was the last member of the firm at the time of the storm. He had spent the past seven years at Albuquerque, N. M., and other places in the west for the benefit of his health. He is survived by his wife, who is at present in Elmo for a few days visit with friends.

Certain sections of the county had a good rain Thursday evening. No rain fell in Maryville. The lightning killed five steers belonging to C. E. Owens of Skidmore, and at Barnard the wind did a little damage, blowing some telephone poles over. A nice shower fell at Skidmore and Burlington Junction.

He has two aunts, and there his relations end, as he has not an uncle or a cousin the world. Gray of Maryville, Mr. and Mrs. J. S. Severs of Elmo, Mr. and Mrs. James M. Johnson of East First street, great grandparents, and Mrs. Mary T. Gray of Pickering, great grandmother. LOS ANGELES DOCTOR ON 7,500 MILE TRIP.

Answering "Hurry" Call to Rome to Attend the "Prettiest Girl."

Dr. James J. Choate of Los Angeles, who is making a "hurry" call to Rome at the cable request of Mrs. A. S. Browning, a wealthy Los Angeles woman, sailed from New York on the Mauretania on May 24. Dr. Choate got the message on May 17. He was ready to leave on the 10:30 a. m. train May 18. His only luggage is a grip containing a Sunday suit and four shirts among other garments. He reached New York May 22. On May 29 he will land in London.

He will arrive in Paris the same day and that night catch the Simplon express, which will land him in Milan the following morning. It is twelve hours from there to Rome, and if he makes all the connections he will have consumed fifteen days from the time he left Los Angeles. The distance is approximately 7,450 miles.

"About the prettiest little girl in Los Angeles is sick in Rome calling for me, and a doctor always responds to the call of duty," said the doctor. "The girl is Mildred Browning, and her family have been my patients for twelve years. Her father is a retired business man and an invalid himself. He is in Los Angeles now. They are wealthy and sensible citizens. When Mildred was graduated a few months ago from the Marlborough school at the top of her class her mother gave her a trip abroad as a reward.

"Mildred and her mother left California in the middle of March as members of an annual touring party directed by a Mrs. White, a Los Angeles woman. They sailed from New York about April 1 and all the news we had from them was of the happiest nature until the cablegram the other day telling us of the illness.

"I don't know what the trouble is, but suspect Roman fever. Of course, I have never treated this special form of fever, but I feel that I can help the girl all right. Anyway, I'm hurrying there as fast as the trains and boats will take me."

TRIP FOR PAULINE.

White House Cow Will Be Among Attractions at Milwaukee Show.

Pauline Wayne, the White House cow, is to have a trip. It is not a trip abroad won in a newspaper voting contest nor yet a transfer such as the state department, under whose windows she grazes, gives its officers. Pauline Wayne is going home to mingle again with the common herd, so to speak, and compete for prizes on her native heath.

President Taft hesitated not a moment when the proposal was made to him. The idea of getting the aristocratic Pauline originated in Iowa and culminated in Wisconsin. Out at Waterloo they planned to invite Pauline for the dairy show. In Wisconsin they heard this, and A. S. Cannon, secretary of the International Dairy Show association, to meet in Milwaukee in September, made a fervent appeal that Pauline be allowed to go to Milwaukee and not to Waterloo. He did not like the name of the town anyhow. It reminded him of Napoleon.

Mr. Cannon won. President Taft has consented, and Mr. Taft will have the first entry in a dairy show by any president since the time of Thomas Jefferson.

BULLFIGHTING DOOMED.

Maderists Will Also Abolish All Forms of Gambling in Mexico.

Gambling and bullfighting are to be abolished in Mexico by the Maderists when they come into power, and race track betting is doomed, too, according to Abraham Gonzales, who is slated for provisional governor of Chihuahua. He said:

"As is our president, so am I against gambling and bullfighting. All gambling concessions made after Nov. 20, the date the revolution began, will be canceled. All concessions made before that time will be honored by us, but at their expiration no more will be granted. This applies to both gambling and bullfighting. We now are investigating the keno and poker rights in Juarez."

As Madero is against gambling in every form, the national lottery and all gambling rights eventually may be abolished.

"God and I."

[The rather remarkable poem, or fragment, given below is taken from a volume published recently in London, entitled "The Pillow Book." No author is given credit, and search has so far failed to find one. A thought so striking, so well expressed and so much a part of the philosophy of many high minds ought not to remain long anonymous as to authorship.]

God and I in space alone
And nobody else in view.
"And where are the people, O Lord?" I said.
"The earth beneath and the sky o'erhead
And the dead whom once I knew?"

"That was a dream," God smiled and said,
"A dream that has ceased to be true.
There were no people, living or dead,
No earth beneath and no sky o'erhead.
There were only myself and you."

"And why do I feel no fear," I said,
"Meeting you here this way?
For I have sinned I know full well.
And is there heaven, and is there hell.
And is this the judgment day?"

"Nay; these were but dreams," the great God said.
"Dreams that have ceased to be.
There are no such things as fear and sin,
And you yourself—you have never been.
There is nothing at all but me."

More than 3,000 invitations have been sent out, and each day the president is suggesting more names. The lowest estimate is that 4,000 will be invited. "Aunt Delia" Torrey of Milbury, Mass., will be among the specially honored visitors.

JEANETTE FORD GIVES TESTIMONY

Leading Witness in Cooke Trial Causes a Sensation.

ADMITS HAVING SHOT ACCUSED

Bursts Into Tears and Makes Confession When She Embraces Her Child. Brought in on Invalid Chair and Has to Be Removed From Room.

Cincinnati, June 16.—Two incidents stirred the emotions of the spectators at the trial of Edgar S. Cooke, charged with embezzling $24,000 from the Big Four railroad.

Mrs. Jeanette Stewart Ford, on the stand for cross-examination, and Mrs. Edgar S. Cooke, wife of the defendant, were the central figures of the first incident.

When Mrs. Cooke, who has steadfastly stood by her husband, took a seat at his side there was a murmur of expectancy, intensified when Mrs. Ford's invalid chair was wheeled in front of the jury, but there was no indication on the wife's countenance that she felt anything but pity for the other woman.

The second incident was preceded by the entrance of Mrs. Ford's daughter, aged six years. The child ran to her mother just as the latter said:

"There is my daughter, Jeanette, and she is Cooke's child."

The witness burst into sobs as she made this confession, and tears streamed down the faces of jurymen and spectators. The attorneys for the prosecution, the judge on the bench and the newspaper writers were visibly affected.

So shaken was Mrs. Ford by the incident that she was removed from the room. Her physician declared she could not stand further questioning and the count adjourned.

Under the cross-examination that preceded adjournment, Mrs. Ford admitted having shot and wounded Cooke, of having had him arrested for assault in Chicago and later for non-support of their child.

Letters that had passed between the two were read. In many of them Cooke had referred to his wife as "O. H.," which Mrs. Ford testified meant "old hag."

HOLDS HER NOSE TO SHORE

Captain of Ohio River Steamer Saves Lives of Sixty-Five Persons.

Paducah, Ky., June 16.—Quick work on the part of Captain John L. Lowry of the river steamer John L. Lowry saved the lives of sixty-five persons when the boat burned opposite Smithland, Ky., in the Ohio river.

Crowded with fifty excursionists and the crew of fifteen, the craft was slowly making its way up the river in midstream when fire broke out near the engines. Roused from their sleep, the passengers crowded onto the decks in a near-panic, and only the coolness of the boat's crew averted a heavy loss of life. Several barrels of oil exploded, but miraculously no one was hurt.

Seeing the fire was about to consume the craft, Captain Lowry made for the Illinois side with all speed. By the time the nose of the steamer touched the shore the fire had gained great headway, but the passengers got off without injury. The boat is a total loss.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl B. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.509 Caldwell building, Monticello, Ill.

Beautify your home for the children's sake.

Dear Amy:-

Don't you think that lots of parents do their children a wrong by not fixing up a beautiful home for them? I think nothing has such a refining influence upon children as a lovely furnished home; it is a necessary part of their education.

I'm going to see that my children grow up in the proper home atmosphere. I feel like I owe this also to my husband and to myself.

Bring the kiddies to see Baby John.

With love, always your friend,

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Maryville people testify.
Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnaural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for th United States.

JOSEPH SMITH IS TO TESTIFY

Mormon Head to Appear Before Sugar Trust Probers.

HELD TO BE MATERIAL WITNESS

Committee Refuses Request of Senator Smoot to Allow Cutler to Take His Place—One of Three Men Alleged Responsible for Combine.

Washington, June 16.—Joseph F. Smith, head of the Mormon church, has been summoned to appear before the house sugar trust investigating committee to tell what he knows of the formation of the Utah-Idaho Sugar company.

Senator Smoot of Utah made an unsuccessful effort to have the Mormon president excused, insisting that Thomas R Cutler of Salt Lake could supply all the information desired from Mr. Smith

The committee decided that Mr. Smith should appear in person.

"Senator Smoot of Utah asked me to submit to the committee a request that Mr. Smith be excused from testifying before the committee on the ground that Thomas R. Cutler knows everything that Mr. Smith can possibly testify to and more, too," explained Chairman Hardwick to the committee. "I told Mr. Smoot that while the list of witnesses had been arranged by a subcommittee and there had been no formal vote, I did not feel like taking the authority on myself to do it. My own view is, considering the allegation in the bill filed by the government that Joseph F. Smith is a material witness—he is one of the two or three men that the district attorney of New York and the attorney general of the United States have alleged were responsible for the formation of the Utah-Idaho combination."

DEBATE ON RECIPROCITY

Senator Nelson Voices Strong Opposition to the Measure.

Washington, June 16.—The second day of debate on the Canadian reciprocity bill proved a field day for those opposed to the measure. Led by Senator Knute Nelson in an exhaustive speech, a number of senators took part in a running debate that marked the closing period of the address.

Senator Nelson was radically antagonistic to the bill. He occupied the floor most of the day, but explained that this was only the first of several installments of his views on this subject.

A spirited debate among Republican senators was precipitated over the effect of the Root amendment dealing with paper and wood pulp. Senators Lodge, Clark (Wyo.) and Smoot all were on the floor and talking simultaneously. They agreed that that provision only restored the terms of the treaty as submitted to congress.

"How then did that feature of the agreement disappear?" asked William Alden Smith (Mich.).

"Ask the whispering winds," responded Clark.

HULL BADLY SHATTERED

Maine Explosion Proves Greater Than Was Expected.

Havana, June 16.—That the shattering of the hull of the battleship Maine is evidently far greater than supposed was revealed by the lowering of the water level in the cofferdam a total depth of seven feet.

On account if this unforeseen revelation of the terrific character of the explosion which sent the battleship to the bottom of the harbor, all plans heretofore proposed for dealing with the ultimate removal of the hull have become merely conjectural until a considerably greater amount of water has been pumped out. As the water receded every successive foot revealed worse and worse conditions in that portion of the hull forward of amidships which was subjected to the main force of the explosion.

$1,000,000 FIRE AT ST. LOUIS

Five Manufacturing Plants in Southern Part of City Destroyed.

St. Louis, June 16.—Losses conservatively estimated at more than $1,000,000 were sustained in a fire which raged for four hours in a manufacturing district bordering for four blocks the terminal railroad yards in the southwestern part of the city.

The plants of the Hutting Sash and Door company, Fathman & Miller Planing Mill company, Missouri Stair company, Koken Iron works, a subsidiary of the American Bridge company, and the Mound City Box company were practically wiped out.

Davis Fails to Get Divorce.

Los Angeles, Cal., June 16.—Robert B. Davis, the aged baking powder manufacturer of New York, failed to obtain a divorce from his wife, Jennie W. Davis. Judge Munroe of the superior court decided, after a two-days' trial, that the millionaire had not established a residence in California and furthermore that his chief ground of complaint, the alleged cruelty of Mrs. Davis, had not been substantiated.

TWO COUNTRIES INTERESTED

United States and Mexico Lay Claim to Seven Million Dollars' Worth of Land in the Southern Part of El Paso County, Texas.

El Paso, Tex., June 16.—The international arbitration court, which has been sitting in the so called Chamiseal case in El Paso to decide the ownership of $7,000,000 worth of property in the southern part of El Paso, rendered its decision, which is a compromise. The decision gives Mexico part of the land in question and the United States part of it. Both the United States and Mexico dissent.

The Chamiseal case has been in contention between the two governments for over a dozen years. It was really brought to the fore when W. J. Warder of California filed suit in the federal court here to oust persons holding title to the land under the Texas laws, Warder alleging that he held title from Mexico under the Chamiseal grant. He raised the point that the land had been thrown into the United States by a sudden change of the river and that it therefore belonged to Mexico.

The treaty of the United States and Mexico provides that were the river to make a sudden change the land thrown from one country to the other remains the property of the country to which it formerly belonged, but if the change is gradual by erosion the territory belongs to the country in which it is thrown. The United States has contended that the change in the river has been gradual, but Mexico cites numerous full grown trees between the former river channel and the present river on American soil as proof that the change had not been gradual, else the trees would have been washed away.

The two governments being unable to agree on the ownership of the land a treaty was drawn and adopted by the senates of each country providing for arbitration. Mexico chose Senor Beltran y Puga and the United States selected Brigadier General Anson Mills.

Judge Eugene Lafleur of Montreal, Canada, was selected as the third commissioner. Taking of testimony and hearing of arguments began in El Paso early in April.

RURAL LIFE CONFERENCE

Farm and Church Problems Discussed at Manhattan Convention.

Manhattan, Kan., June 16.—To "keep the life of the American farmer equal to the best in the nation," the rural church and rural life conference here adopted resolutions urging the importance of maintaining upon American farms a population "whose standards are in harmony with Christian American ideals." The conference is attended by delegates from all parts of the United States.

"To understand the rural problem, especially the forces which are now working toward the depletion of rural population and disintegration of rural institutions.

"To place as far as feasible in each rural community one church, adequately supported and properly equipped.

"To co-operate with all the allied forces for rural betterment, especially with the agricultural colleges, the schools, the grange and the Christian associations."

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Money Invested in a Home Brings You Real Rewards

that cannot be measured alone in dollars and cents. There's satisfaction in knowing you have a home when possibly all other investments fail—it gives you a feeling of security and demands the recognition of your fellow townsmen, because by building you show your faith in the future of the community. And every community is known by its deeds. You can help and at the same time help yourself. A home investment is always the most meritorious, and loss is less likely because you are dealing in values you understand and with people you know. Where They Play Today.

Nebraska City at Maryville.
Auburn at Clarinda.
Shenandoah at Falls City.

The .500 mark was trampled under feet by the Comets yesterday when they shut Nebraska City out 3 to 0. It was a fight, tooth and toe nail, between them, and a lead of three runs is none too safe against the kind of ball put up by Nebraska City. The Comets, as usual, poled out the larger number of hits, but only one of their five hits yesterday was a clean one. The rest of them were of the doubtful kind, while Nebraska City reefed out three of the cleanest singles one could ask for.

A Lesson in Deportment.

One of the strongest features of the game was the lesson in good behavior given by the umpires to the teams. At the very start the players began to talk from their benches and mix in, as usual, but Sage wouldn't stand for it a moment. They knew enough to mind him, too, but the trouble started in the fourth with the new umpire, Barada. Wintz was on first and tried to steal second. Barada, who was umpiring the bases, turned and ran toward second to see the play. The ball hit him in the back and Wintz claimed the right to stay on second. He was sent back to first, however, and the game was protested by Captain Dietz.

At the beginning of the fifth inning, as the Comets were taking the field, Walsh said something to Barada and was ordered to the bench and fined $10. Captain Dietz protested vigorously at this decision and a ten-dollar decision was handed to him also. The excitement was very high, and two or three fans ran on the field, grabbed Barada and carried him off. Sage now grew angry and gave the crowd two minutes in which to return Barada, but the oppressed umps was already walking on the field again, having been rescued by the officers. Cook was put on second, Griffin went to right field, and the game was finally started again.

Nebraska City Protests.

Nebraska City took a turn at protesting in the ninth. In the seventh Herman succeeded in landing on second. With two down a passed ball at first allowed Herman to take third, and he tried to make home. He was touched out by Dietz, but claimed a score on the ground rules. He was sent back to third, and it was on this point that Captain Nee protested the game in the ninth.

The Three Tallies.

The Comets' first round of the bases was made in the second. Cook to first on an error, was sacrificed to second by Walsh and stole third. DeCamp flied out to center. Black singled, scoring Cook. Black was thrown out trying to steal second.

Two more were registered in the eighth. Bacon reefed a two-bagger to center. Southward then tried to sacrifice and succeeded, except that neither of the umps saw the play, leaving Bacon safe on third and Southward on first.

An error let Southward stick on second while Bacon trotted home. Sackett sacrificed, advancing Southward to third. Griffin layed down a perfect bunt, sacrificing and squeezing Southward in.

The third out was made by Wintz, who flied to Hicklin. The score:

Notes.

We all miss Aunt Betsy, but the umpires miss her most.

It means work if we beat Nebraska City twice more.

Walter Wray will probably be tried out today.

The pitchers mean to cut down those big totals at the bottom of the "hits" column.

Southward was a little wild yesterday, but it counted for nothing in the end.

We'll catch Clarinda next week if Auburn doesn't pull her down.

Williford, who was released by the Comets Wednesday, has been signed by Nebraska City, and is slated to pitch against the Comets this afternoon. Williford was released by the Comets on account of wanting too much salary.

There is no game scheduled for Saturday afternoon for the Comets and Nebraska City, it having been arranged to play it Sunday afternoon.

THEY ARE MARYVILLE'S PRIZE BEAUTIES

The boarders at "Maplehurst" are undoubtedly Maryville's prize beauties. One day last week they all lined up out in the yard to have their pictures taken. The photographer had them grouped just as he wanted them and had reached down for his plate holder, letting loose his hold on the camera. The instrument was overcome at this juncture by the task set before it and gave up all hope of flattering the poses. Gently lifting the front leg of its tripod it fell over backward and lay flat on the ground, still and lifeless.

BUILDING IN GOOD SHAPE

And Will Not Interfere With School Work at All—355 Students Enrolled.

The enrollment for the summer term of the Normal is increasing daily. Up to today 355 students have enrolled, and a few more are expected to enter within the next few days. This is the largest enrollment of students at the Normal since its beginning.

President Taylor said Friday that the auditorium would be used in about ten days for the chapel exercises. While the work is not yet quite completed in the auditorium, still it is in shape to be used for meetings. One reason for the change is that the library room cannot accommodate the 355 students for chapel.

The work on the building will be suspended this week on account of some arrangements being made as to the money for paying for the work. Things have arisen in regard to the bonding company that was Marshall's surety that need to be looked into, and while this is being done the work will be discontinued. However, this will not interfere with the school in the building, as it is in such shape that it will not effect the school work.

Each county in the Normal district is represented in this term of the school, and all of the counties have perfected social organizations for the purpose of stimulating interest in their home counties for the Normal.

President Taylor will leave Friday evening for Chillicothe, where he is to address the rural graduates at the commencement exercises to be held there Saturday afternoon.

Mr. and Mrs. Llewellyn David and little sons, Calvin and Llewellyn, Jr., of Bonner Springs, Kan., spent Thursday in Maryville with Mr. David's cousins, Mrs. S. T. Gile and Mrs. John H. Anderson. They left for Darlington and Albany Friday morning to visit relatives.

Miss Nina Dobson of Wilcox, who is employed in St. Joseph, was in the city Friday on her way to Wilcox for a few days' visit with home folks.

Mrs. K. B. Oliphant and daughter, Miss Leila, of Pickering were shopping in the city Friday.

"POP-POP" CYCLIST GIVEN A SHOWER

Leland Andrews recently invested his money in a motor-cycle. He started out for his first ride Thursday evening, intent on having the time of his life. Some twenty-two of his friends feared for his safety and wished to stop him. This would, of course, have made Mr. Andrews "Fall Guy" and he would have to buy. As Mr. Andrews has been "Fall Guy" quite often of late his friends wanted to square up a little and compensate him this time with a shower.

Finally, under the pretense of arrest for speeding, the cyclist was stopped and taken in to Reuillard's. He quite willingly ordered up the eats, and while they were being made the shower came. It consisted of antiseptic cotton, bandages, vaseline, etc., and now Mr. Andrews can be as reckless as he wants to with his "pop-pop," for he has enough material to stock a government dispensary in time of war.

Mrs. J. S. Severs of Elmo was in Maryville Friday forenoon on her way to Bedford to visit her mother and sisters, Mrs. C. E. Calhoun and Misses Amy and Nellie Calhoun, and her nephew, Glen Calhoun, a student at the Agricultural college at Ames, Ia., who is spending his vacation at Bedford. Glen Calhoun is the son of C. C. Calhoun, who was killed in the storm at Elmo a few years ago that wrecked his store building and several other buildings. His nephew, C. C. Bell, a young man 23 years old, who is a son of Mrs. Severs, was also killed at that time. Last Friday Albert Imel, who was employed in the store at the time of Mr. Calhoun's death, was buried at Elmo. He was the last member of the firm at the time of the storm. He had spent the past seven years at Albuquerque, N. M., and other places in the west for the benefit of his health. He is survived by his wife, who is at present in Elmo for a few days visit with friends.

Certain sections of the county had a good rain Thursday evening. No rain fell in Maryville. The lightning killed five steers belonging to C. E. Owens of Skidmore, and at Barnard the wind did a little damage, blowing some telephone poles over. A nice shower fell at Skidmore and Burlington Junction.

LOS ANGELES DOCTOR ON 7,500 MILE TRIP.

Answering "Hurry" Call to Rome to Attend the "Prettiest Girl."

Dr. James J. Choate of Los Angeles, who is making a "hurry" call to Rome at the cable request of Mrs. A. S. Browning, a wealthy Los Angeles woman, sailed from New York on the Mauretania on May 24. Dr. Choate got the message on May 17. He was ready to leave on the 10:30 a. m. train May 18. His only luggage is a grip containing a Sunday suit and four shirts among other garments. He reached New York May 22. On May 29 he will land in London.

He will arrive in Paris the same day and that night catch the Simplon express, which will land him in Milan the following morning. It is twelve hours from there to Rome, and if he makes all the connections he will have consumed fifteen days from the time he left Los Angeles. The distance is approximately 7,450 miles.

"About the prettiest little girl in Los Angeles is sick in Rome calling for me, and a doctor always responds to the call of duty," said the doctor. "The girl is Mildred Browning, and her family have been my patients for twelve years. Her father is a retired business man and an invalid himself. He is in Los Angeles now. They are wealthy and sensible citizens. When Mildred was graduated a few months ago from the Marlborough school at the top of her class her mother gave her a trip abroad as a reward.

"Mildred and her mother left California in the middle of March as members of an annual touring party directed by a Mrs. White, a Los Angeles woman. They sailed from New York about April 1 and all the news we had from them was of the happiest nature until the cablegram the other day telling us of the illness.

"I don't know what the trouble is, but suspect Roman fever. Of course, I have never treated this special form of fever, but I feel that I can help the girl all right. Anyway, I'm hurrying there as fast as the trains and boats will take me."

TRIP FOR PAULINE.

White House Cow Will Be Among Attractions at Milwaukee Show.

Pauline Wayne, the White House cow, is to have a trip. It is not a trip abroad won in a newspaper voting contest nor yet a transfer such as the state department, under whose windows she grazes, gives its officers. Pauline Wayne is going home to mingle again with the common herd, so to speak, and compete for prizes on her native heath.

President Taft hesitated not a moment when the proposal was made to him. The idea of getting the aristocratic Pauline originated in Iowa and culminated in Wisconsin. Out at Waterloo they planned to invite Pauline for the dairy show. In Wisconsin they heard this, and A. S. Cannon, secretary of the International Dairy Show association, to meet in Milwaukee in September, made a fervent appeal that Pauline be allowed to go to Milwaukee and not to Waterloo. He did not like the name of the town anyhow. It reminded him of Napoleon.

Mr. Cannon won. President Taft has consented, and Mr. Taft will have the first entry in a dairy show by any president since the time of Thomas Jefferson.

BULLFIGHTING DOOMED.

Maderists Will Also Abolish All Forms of Gambling In Mexico.

Gambling and bullfighting are to be abolished in Mexico by the Maderists when they come into power, and race track betting is doomed, too, according to Abraham Gonzales, who is slated for provisional governor of Chihuahua. He said:

"As is our president, so am I against gambling and bullfighting. All gambling concessions made after Nov. 20, the date the revolution began, will be canceled. All concessions made before that time will be honored by us, but at their expiration no more will be granted. This applies to both gambling and bullfighting. We now are investigating the keno and poker rights in Juarez."

As Madero is against gambling in every form, the national lottery and all gambling rights eventually may be abolished.

"God and I."

[The rather remarkable poem, or fragment, given below is taken from a volume published recently in London, entitled "The Pillow Book." No author is given credit, and search has so far failed to find one. A thought so striking, so well expressed and so much a part of the philosophy of many high minds ought not to remain long anonymous as to authorship.]

God and I in space alone
And nobody else in view.
"And where are the people, O Lord?" I said,
"The earth beneath and the sky o'erhead
And the dead whom once I knew?"

"That was a dream," God smiled and said,
"A dream that has ceased to be true.
There were no people, living or dead,
No earth beneath and no sky o'erhead.
There were only myself and you."

"And why do I feel no fear," I said,
"Meeting you here this way?
For I have sinned I know full well.
And is there heaven, and is there hell.
And is this the judgment day?"

"Nay; those were but dreams," the great God said,
"Dreams that have ceased to be.
There are no such things as fear and sin,
And you yourself—you have never been.
There's nothing at all but me."

JEANETTE FORD GIVES TESTIMONY

Leading Witness in Cooke Trial Causes a Sensation.

ADMITS HAVING SHOT ACCUSED

Bursts Into Tears and Makes Confession When She Embraces Her Child. Brought in on Invalid Chair and Has to Be Removed From Room.

Cincinnati, June 16.—Two incidents stirred the emotions of the spectators at the trial of Edgar S. Cooke, charged with embezzling $24,000 from the Big Four railroad.

Mrs. Jeanette Stewart Ford, on the stand for cross-examination, and Mrs. Edgar S. Cooke, wife of the defendant, were the central figures of the first incident.

When Mrs. Cooke, who has steadfastly stood by her husband, took a seat at his side there was a murmur of expectancy, intensified when Mrs. Ford's invalid chair was wheeled in front of the jury, but there was no indication on the wife's countenance that she felt anything but pity for the other woman.

The second incident was preceded by the entrance of Mrs. Ford's daughter, aged six years. The child ran to her mother just as the latter said:

"There is my daughter, Jeanette, and she is Cooke's child."

The witness burst into sobs as she made this confession, and tears streamed down the faces of jurymen and spectators. The attorneys for the prosecution, the judge on the bench and the newspaper writers were visibly affected.

So shaken was Mrs. Ford by the incident that she was removed from the room. Her physician declared she could not stand further questioning and the court adjourned.

Under the cross-examination that preceded adjournment, Mrs. Ford admitted having shot and wounded Cooke, of having had him arrested for assault in Chicago and later for non-support of their child.

Letters that had passed between the two were read. In many of them Cooke had referred to his wife as "O. H.," which Mrs. Ford testified meant "old hag."

HOLDS HER NOSE TO SHORE

Captain of Ohio River Steamer Saves Lives of Sixty-Five Persons.

Paducah, Ky., June 16.—Quick work on the part of Captain John L. Lowry of the river steamer John L. Lowry saved the lives of sixty-five persons when the boat burned opposite Smithland, Ky., in the Ohio river.

Crowded with fifty excursionists and the crew of fifteen, the craft was slowly making its way up the river in midstream when fire broke out near the engines. Roused from their sleep, the passengers crowded onto the decks in a near panic, and only the coolness of the boat's crew averted a heavy loss of life. Several barrels of oil exploded, but miraculously no one was hurt.

Seeing the fire was about to consume the craft, Captain Lowry made for the Illinois side with all speed. By the time the nose of the steamer touched the shore the fire had gained great headway, but the passengers got off without injury. The boat is a total loss.

Sample Helps Frail Women

So many women are dragging out weary lives just because their digestive organs are weak. The result is poor circulation, nervousness and the verge of invalidism. It is often very unnecessary and the woman's own fault.

The first thing to do is to look to the welfare of your bowels. There the trouble usually lies. All physicians know that a large percentage of women are habitually constipated, and from this results indigestion, piles, weariness, etc., that women constantly complain of. But there is no use taking "female remedies" and things of that kind until you have started your bowels to moving. You will find that when the bowels move regularly once or twice a day all your petty ills will disappear. Take a good, mild laxative tonic like Dr. Caldwell's Syrup Pepsin for awhile and you will find yourself rapidly getting better and stronger, your bowels will regulate themselves and work at stated times, and then your headaches and dizziness will disappear. Don't take strong cathartic pills or salts, but just such a mild and pleasant-tasting remedy as Dr. Caldwell's Syrup Pepsin.

You can obtain a bottle of your druggist for fifty cents or one dollar, and either size may be enough to permanently cure you. Thousands of women keep it regularly in the house and will no longer be without it, as it cured them and can be used with safety by every member of the family, down to the youngest child, but if you have never used it take the advice of Mrs. Earl S. Cox, 409 Twenty-fifth street, Moline, Ill., and Mrs. Ellen Dungan, Muncie, Ind., and send to Dr. Caldwell for a free trial bottle, as they did, and learn for yourself what it will do in your own case. That it will cure you, as it did them, there is no doubt.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.509 Caldwell building, Monticello, Ill.

Dear Amy:-

Don't you think that lots of parents do their children a wrong by not fixing up a beautiful home for them? I think nothing has such a refining influence upon children as a lovely furnished home; it is a necessary part of their education.

I'm going to see that my children grow up in the proper home atmosphere. I feel like I owe this also to my husband and to myself.

Bring the kiddies to see Baby John.

With love, always your friend,

Lou.

CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.

Maryville people testify.

Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnaural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn & Co., Buffalo, New York, sole agents for th United States.

Remember the name—Doan's—and take no other.

JOSEPH SMITH IS TO TESTIFY

Mormon Head to Appear Before Sugar Trust Probers.

HELD TO BE MATERIAL WITNESS

Committee Refuses Request of Senator Smoot to Allow Cutler to Take His Place—One of Three Men Alleged Responsible for Combine.

Washington, June 16.—Joseph F. Smith, head of the Mormon church, has been summoned to appear before the house sugar trust investigating committee to tell what he knows of the formation of the Utah-Idaho Sugar company.

Senator Smoot of Utah made an unsuccessful effort to have the Mormon president excused, insisting that Thomas R Cutler of Salt Lake could supply all the information desired from Mr. Smith

The committee decided that Mr. Smith should appear in person.

"Senator Smoot of Utah asked me to submit to the committee a request that Mr. Smith be excused from testifying before the committee on the ground that Thomas R. Cutler knows everything that Mr. Smith can possibly testify to and more, too," explained Chairman Hardwick to the committee. "I told Mr. Smoot that while the list of witnesses had been arranged by a subcommittee and there had been no formal vote, I did not feel like taking the authority on myself to do it. My own view is, considering the allegation in the bill filed by the government that Joseph F. Smith is a material witness—he is one of the two or three men that the district attorney of New York and the attorney general of the United States have alleged were responsible for the formation of the Utah-Idaho combination."

DEBATE ON RECIPROCITY

Senator Nelson Voices Strong Opposition to the Measure.

Washington, June 16.—The second day of debate on the Canadian reciprocity bill proved a field day for those opposed to the measure. Led by Senator Knute Nelson in an exhaustive speech, a number of senators took part in a running debate that marked the closing period of the address.

Senator Nelson was radically antagonistic to the bill. He occupied the floor most of the day, but explained that this was only the first of several installments of his views on this subject.

A spirited debate among Republican senators was precipitated over the effect of the Root amendment dealing with paper and wood pulp. Senators Lodge, Clark (Wyo.) and Smoot all were on the floor and talking simultaneously. They agreed that that provision only restored the terms of the treaty as submitted to congress.

"How then did that feature of the agreement disappear?" asked William Alden Smith (Mich.).

"Ask the whispering winds," responded Clark.

HULL BADLY SHATTERED

Maine Explosion Proves Greater Than Was Expected.

Havana, June 16.—That the shattering of the hull of the battleship Maine is evidently far greater than supposed was revealed by the lowering of the water level in the cofferdam a total depth of seven feet.

On account if this unforeseen revelation of the terrific character of the explosion which sent the battleship to the bottom of the harbor, all plans heretofore proposed for dealing with the ultimate removal of the hull have become merely conjectural until a considerably greater amount of water has been pumped out. As the water receded every successive foot revealed worse and worse conditions in that portion of the hull forward of amidships which was subjected to the main force of the explosion.

$1,000,000 FIRE AT ST. LOUIS

Five Manufacturing Plants in Southern Part of City Destroyed.

St. Louis, June 16.—Losses conservatively estimated at more than $1,000,000 were sustained in a fire which raged for four hours in a manufacturing district bordering for four blocks the terminal railroad yards in the southwestern part of the city.

The plants of the Hutting Sash and Door company, Fathman & Miller Planing Mill company, Missouri Stair company, Koken Iron works, a subsidiary of the American Bridge company, and the Mound City Box company were practically wiped out.

Davis Fails to Get Divorce.

Los Angeles, Cal., June 16.—Robert B. Davis, the aged baking powder manufacturer of New York, failed to obtain a divorce from his wife, Jennie W. Davis. Judge Munroe of the superior court decided, after a two-days' trial, that the millionaire had not established a residence in California and furthermore that his chief ground of complaint, the alleged cruelty of Mrs. Davis, had not been substantiated.

DECISION IS A COMPROMISE

Arbitrators Hand Down Decision in Chamiseal Case.

TWO COUNTRIES INTERESTED

United States and Mexico Lay Claim to Seven Million Dollars' Worth of Land in the Southern Part of El Paso County, Texas.

El Paso, Tex., June 16.—The international arbitration court, which has been sitting in the so called Chamiseal case in El Paso to decide the ownership of $7,000,000 worth of property in the southern part of El Paso, rendered its decision, which is a compromise. The decision gives Mexico part of the land in question and the United States part of it. Both the United States and Mexico dissent.

The Chamiseal case has been in contention between the two governments for over a dozen years. It was really brought to the fore when W. J. Warder of California filed suit in the federal court here to oust persons holding title to the land under the Texas laws, Warder alleging that he held title from Mexico under the Chamiseal grant. He raised the point that the land had been thrown into the United States by a sudden change of the river and that it therefore belonged to Mexico.

The treaty of the United States and Mexico provides that were the river to make a sudden change the land thrown from one country to the other remains the property of the country to which it formerly belonged, but if the change is gradual by erosion the territory belongs to the country in which it is thrown. The United States has contended that the change in the river has been gradual, but Mexico cites numerous full grown trees between the former river channel and the present river on American soil as proof that the change had not been gradual, else the trees would have been washed away.

The two governments being unable to agree on the ownership of the land a treaty was drawn and adopted by the senates of each country providing for arbitration. Mexico chose Senor Beltran y Puga and the United States selected Brigadier General Anson Mills.

Judge Eugene Lafleur of Montreal, Canada, was selected as the third commissioner. Taking of testimony and hearing of arguments began in El Paso early in April.

RURAL LIFE CONFERENCE

Farm and Church Problems Discussed at Manhattan Convention.

Manhattan, Kan., June 16.—To "keep the life of the American farmer equal to the best in the nation," the rural church and rural life conference here adopted resolutions urging the importance of maintaining upon American farms a population "whose standards are in harmony with Christian American ideals." The conference is attended by delegates from all parts of the United States.

"To understand the rural problem, especially the forces which are now working toward the depletion of rural population and disintegration of rural institutions.

"To place as far as feasible in each rural community one church, adequately supported and properly equipped.

"To co-operate with all the allied forces for rural betterment, especially with the agricultural colleges, the schools, the grange and the Christian associations."

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent, Koch Pharmacy.

Mr. and Mrs. William Rutherford of Pickering came to Maryville Friday morning to spend a few days with their son, H. L. Rutherford and family.
